Hazard Protection Plan

Part 406 Licensing Standards for Daycare Homes
Section 406.4(b)

Interior:

- All outlets will be equipped with either outlet plugs or self-closing outlet covers.
- All cleaning products, chemicals, medications and/or other hazardous materials will be stored in cabinets high enough to prevent access by children, on shelves high enough to prevent access by children, or in locked cabinets.
- Access to the basement stairs will be prevented with a door at the top of the stairs.
- Access to the bathroom by younger children will be prevented by keeping the door closed at all times when they are present.

Exterior:

- The traffic on Any Street is a concern, and parents are aware that the children need to be supervised when leaving and entering the daycare home.
- Any use of the backyard by children will be supervised at all times by the caregiver.
- Access to the garage will be prevented by keeping the doors closed and locked at all times.
